Enter number of offices: 4
Enter cost matrix (0 for no link):
0 10 6 5
10 0 0 15
6 0 0 4
5 15 4 0
Original network:
Selected edges:
Office 1 - Office 4 | Weight = 5 | Running Total = 5
Office 4 - Office 3 | Weight = 4 | Running Total = 9
Office 1 - Office 2 | Weight = 10 | Running Total = 19
Spanning tree can be formed.
Minimum total cable cost = 19
Enter offices for edge update: 1 2
Enter new edge weight: 3
Updated network:
Selected edges:
Office 1 - Office 2 | Weight = 3 | Running Total = 3
Office 1 - Office 4 | Weight = 5 | Running Total = 8
Office 4 - Office 3 | Weight = 4 | Running Total = 12
Spanning tree can be formed.
Minimum total cable cost = 12
